

BCNM TRANSPORTATION POLICY

Like you, we care about the safety of our children, youth, and sponsors. With the severe drought conditions we have had over the last few years, the possibility of wildfires is at the forefront of our minds. We want to be prepared.

The BCNM policy for all of those who attend our camps, Inlow and Sivells, requires churches that transport youth or children and sponsors to camp must leave the vehicle and a designated driver of that vehicle at the camp throughout. Should the need for an emergency evacuation arise, churches must have a seat for each one of their people who are on campus.
